Generated: *The date and time that the report was generated.*

Intent: This report calculates the year-to-year change in percentage of 'Yes' responses for each TPITOS indicator. It also calculates the average of those percentages and then displays each TPITOS indicator sorted in descending order by that percentage (the highest 'Avg % Change' will be at the top).

NOTE: An 'N/A' value indicates that there were no 'Yes' responses to that indicator in one (or both) of the years in the calculation. For example, if indicator 5 for 2016-2017 has a 'N/A' value, that means that all the TPITOS forms in either 2016 or 2017 (or both) had no 'Yes' responses for indicator 5.
